

PLUSPACK

THE STATE-OF-THE-ART, FULLY AUTOMATIC HIGH-SPEED MULTI-PACK WRAPPER FOR TOILET ROLLS AND TOWELS

Maximizing the available space within factories is one of the most pressing issues for companies around the world.

PLUSPACK, thanks to innovations in its construction, reduces the use of components and with the integration of new technologies, provides an effective answer to this growing global need.

LAYOUT AND COMPONENTS REDUCED

Drastic reduction in space required.

Up to 20 sqm saved per line.

3 meters wide compared to the standard 5-6 meters.

PERFORMANCES

Maximum speed: **220 ppm.**

Format change-over time: **down to 10 minutes in most cases.**

OPTIMUM ACCESSIBILITY

Simplifying both operation and maintenance.

SUPERIOR PRODUCT QUALITY

More hygiene and safety.

Improved folding.

Securely closed packaging.

More hygienic and better-protected product.
